SUBJECT: ACCEPTANCE OF GIFTS, GRANTS, BEQUESTS AND DEVISES TO THE SCHOOL DISTRICT

The Board may accept gifts, grants, bequests and/or devises of money, real or personal property or of any other kind, which, in the view of the Board, add to the overall welfare of the School District, provided that such acceptance is in accordance with existing laws and regulations. Donations to the school are fully tax deductible so long as the gift is used exclusively for public purposes in accordance with 26 USC Section 170(c). However, the Board is not required to accept any gift, grant or bequest and does so at its discretion, basing its judgment on the best interests of the District. Furthermore, the Board will not accept any gift, grant or bequest which constitutes a conflict of interest and/or gives an appearance of impropriety. In addition, the Board will safeguard the District, the staff and students from commercial exploitation, from special interest groups, and the like.

The Board will not accept any gifts or grants which will place encumbrances on future Boards, or result in unreasonable additional or hidden costs to the District. The Board may, if it deems it necessary, request that gifts of equipment, facilities or any item that requires upkeep and maintenance include funds to carry out such maintenance for the foreseeable life of the donation.

The Board of Education will not formally consider the acceptance of gifts or grants until and unless it receives the offer in writing from the donor/grantor or their attorney/financial advisor. Any such gifts or grants donated to the Board and accepted on behalf of the School District must be by official action and resolution passed by Board majority. The Board would prefer the gift or grant to be a general offer rather than a specific one. Consequently, the Board would suggest that the donor/grantor work first with the school administrators in determining the nature of the gift or grant prior to formal consideration for acceptance by the Board. However, the Board, in its discretion, may direct the Superintendent of Schools to apply such gift or grant for the benefit of a specific school or school program.

The Board is prohibited, in accordance with the New York State Constitution, from making gifts/charitable contributions with School District funds.

Gifts and/or grants of money to the District shall be annually accounted for in a bank designated by the Board of Education.

All gifts, grants and/or bequests shall become School District property. A letter of appreciation, signed by the President of the Board or the Superintendent, will be sent to a donor/grantor in recognition of his/her contribution to the School District. Letters will be sent in a timely manner and will acknowledge the possible tax deduction available to donors whose gifts qualify under IRS regulations.

**SUBJECT: ACCEPTANCE OF GIFTS, GRANTS BEQUESTS AND DEVISES TO THE
SCHOOLDISTRICT (Cont'd.)**

The Board of Education recognizes that gift giving, especially during the holiday season, may be a common practice for many District employees. While the giving or exchanging of gifts may be acceptable among staff members, the Board strongly encourages District employees to show and accept appreciation from students only through written notes or greeting cards.

SUBJECT: PURCHASING

The District's purchasing activities will be part of the responsibilities of the Business Office, under the general supervision of the Purchasing Agent designated by the Board of Education. The purchasing process should enhance school operations and educational programs through the procurement of goods and services deemed necessary to meet District needs.

Competitive Bids and Quotations

As required by law, the Superintendent will follow normal bidding procedures in all cases where needed quantities of like items will total the maximum level allowed by law during the twelve month period commencing on the date of purchase, (similarly for public works-construction, repair, etc.) and in such other cases that seem to be to the financial advantage of the School District.

A bid bond may be required if considered advisable.

No bid for supplies shall be accepted that does not conform to specifications furnished unless specifications are waived by Board action. Contracts shall be awarded to the lowest responsible bidder who meets specifications. However, the Board may choose to reject any bid.

Rules shall be developed by the administration for the competitive purchasing of goods and services.

The Superintendent may authorize purchases within the approved budget without bidding if required by emergencies and are legally permitted.

The Superintendent is authorized to enter into cooperative bidding for various needs of the School District.

Request for Proposal Process for the Independent Auditor

In accordance with law, no audit engagement shall be for a term longer than five (5) consecutive years. The District may, however, permit an independent auditor engaged under an existing contract for such services to submit a proposal for such services in response to a request for competitive proposals or be awarded a contract to provide such services under a request for proposal process.

Procurement of Goods and Services

The Board of Education recognizes its responsibility to ensure the development of procedures for the procurement of goods and services not required by law to be made pursuant to competitive bidding requirements. These goods and services must be procured in a manner so as to:

- a) Assure the prudent and economical use of public moneys in the best interest of the taxpayer;

(Continued)

SUBJECT: PURCHASING (Cont'd.)

- b) Facilitate the acquisition of goods and services of maximum quality at the lowest possible cost under the circumstances; and
- c) Guard against favoritism, improvidence, extravagance, fraud and corruption.

These procedures shall contain, at a minimum, provisions which:

- a) Prescribe a process for determining whether a procurement of goods and services is subject to competitive bidding and if it is not, documenting the basis for such determination;
- b) With certain exceptions (purchases pursuant to General Municipal Law, Article 5-A; State Finance Law, Section 162; State Correction Law, Section 184; or those circumstances or types of procurements set forth in (f) of this section), provide that alternative proposals or quotations for goods and services shall be secured by use of written request for proposals, written quotations, verbal quotations or any other method of procurement which furthers the purposes of General Municipal Law Section 104-b;
- c) Set forth when each method of procurement will be utilized;
- d) Require adequate documentation of actions taken with each method of procurement;
- e) Require justification and documentation of any contract awarded to other than the lowest responsible dollar offer, stating the reasons;
- f) Set forth any circumstances when, or the types of procurement for which, the solicitation of alternative proposals or quotations will not be in the best interest of the District; and
- g) Identify the individual or individuals responsible for purchasing and their respective titles. Such information shall be updated biennially.

Any unintentional failure to fully comply with these provisions shall not be grounds to void action taken or give rise to a cause of action against the District or any District employee.

The Board of Education shall solicit comments concerning the District's policies and procedures from those employees involved in the procurement process. All policies and procedures regarding the procurement of goods and services shall be reviewed annually by the Board.

Best Value

Effective January 27, 2012, General Municipal Law (GML) Section 103 was amended to permit a school district or BOCES to award purchase contracts in excess of \$20,000 on the basis of "best value", rather than on the basis of the lowest responsible bid. The Board of Education must adopt a

(Continued)

SUBJECT: PURCHASING (Cont'd.)

resolution at a public meeting authorizing the award of bids based on "best value." The Board of Education may also approve "best value" bid award recommendations on an individual bid basis at a scheduled public meeting. A best value award is one that optimizes quality, cost and efficiency, among responsive and responsible offerors and shall reflect, wherever possible, objective and quantifiable analysis.

"Piggybacking" Law - Exception to Competitive Bidding

On August 1, 2012, General Municipal Law (GML) Section 103 was amended to allow school districts to purchase certain goods and services (apparatus, materials, equipment and supplies) through the use of contracts let by the United States or any agency thereof, any state, and any county, political subdivision or district of any state. The amendment authorizes school districts and BOCES to "piggyback" on contracts let by outside governmental agencies in a manner that constitutes competitive bidding "consistent with state law."

This "piggybacking" is permitted on contracts issued by other governmental entities, provided that the original contract:

- a) Has been let by the United States or any agency thereof, any state (including New York State) or any other political subdivision or district therein;
- b) Was made available for use by other governmental entities; and
- c) Was let in a manner that constitutes competitive bidding consistent with New York State law.

The "piggybacking" amendment and the "best value" amendment may not be combined to authorize a municipality to "piggyback" onto a cooperative contract which was awarded on the basis of "best value." In other words, while a school district or BOCES may authorize the award of contracts on the basis of "best value", it may not "piggyback" onto a purchasing contract awarded by another agency on the basis of "best value."

Alternative Formats for Instructional Materials

Preference in the purchase of instructional materials will be given to vendors who agree to provide materials in a usable alternative format (i.e., any medium or format, other than a traditional print textbook, for presentation of instructional materials that is needed as an accommodation for each

(Continued)

SUBJECT: PURCHASING (Cont'd.)

student with a disability, including students requiring Section 504 Accommodation Plans, enrolled in the School District). Alternative formats include, but are not limited to, Braille, large print, open and closed captioned, audio, or an electronic file in an approved format as defined in Commissioner's Regulations.

As required by federal law and New York State Regulations, the District has adopted the National Instructional Materials Accessibility Standard (NIMAS) to ensure that curriculum materials are available in a usable alternative format for students with disabilities. Each school district has the option of participating in the National Instructional Materials Access Center (NIMAC). Whether a district does or does not participate in NIMAC, the district will be responsible to ensure that each student who requires instructional materials in an alternate format will receive it in a timely manner and in a format that meets NIMAS standards. The New York State Education Department (NYSED) recommends that school districts choose to participate in NIMAC, because this national effort to centralize the distribution of instructional materials in alternate formats will help guarantee timely provision of such materials to students.

For school districts, Boards of Cooperative Educational Services (BOCES), State-operated schools, State-supported schools and approved private schools that choose to participate in NIMAC, **contracts with publishers executed on and after December 3, 2006** for textbooks and other printed core materials *must* include a provision that requires the publisher to produce NIMAS files and send them to the NIMAC (this will not add any cost to the contract).

For more information regarding NIMAC including model contract language, Steps for Coordinating with NIMAC and an IDEA Part B Assurances Application, see website: <http://www.vesid.nysed.gov/specialed/publications/persprep/NIMAS.pdf>

Geographic Preference in Procuring Local Agricultural Products

Schools participating in Child Nutrition Programs such as the National School Lunch Program, are encouraged to purchase unprocessed locally grown and locally raised agricultural products. The District may apply an optional geographic preference in the procurement of such products by defining the local area where this option will be applied. The intent of this preference is to supply wholesome unprocessed agricultural products that are fresh and delivered close to the source.

A geographic preference established for a specific area adds additional points or credits to bids received in response to a solicitation, but does not provide a set-aside for bidders located in a specific area, nor does it preclude a bidder from outside a specified geographic area from competing for and possibly being awarded a specific contract.

(Continued)

SUBJECT: PURCHASING (Cont'd.)**Computer Software Purchases**

Software programs designated for use by students in conjunction with computers of the District shall meet the following criteria:

- a) A computer program which a student is required to use as a learning aid in a particular class; and
- b) Any content-based instructional materials in an electronic format that are aligned with State Standards which are accessed or delivered through the internet and based on a subscription model. Such electronic format materials may include a variety of media assets and learning tools including video, audio, images, teacher guides, and student access capabilities as such terms are defined in Commissioner's Regulations.

Environmentally Sensitive Cleaning and Maintenance Products

In accordance with Commissioner's Regulations, State Finance Law and Education Law, effective with the 2006-2007 school year, the District shall follow guidelines, specifications and sample lists when purchasing cleaning and maintenance products for use in its facilities. Such facilities include any building or facility used for instructional purposes and the surrounding grounds or other sites used for playgrounds, athletics or other instruction.

Environmentally sensitive cleaning and maintenance products are those which minimize adverse impacts on health and the environment. Such products reduce as much as possible exposures of children and school staff to potentially harmful chemicals and substances used in the cleaning and maintenance of school facilities. The District shall identify and procure environmentally sensitive cleaning and maintenance products which are available in the form, function and utility generally used. Coordinated procurement of such products as specified by the Office of General Services (OGS) may be done through central state purchasing contracts to ensure that the District can procure these products on a competitive basis.

The District shall notify their personnel of the availability of such guidelines, specifications and sample product lists.

(Continued)

SUBJECT: PURCHASING (Cont'd.)**Contracts for Goods and Services**

No contracts for goods and services shall be made by individuals or organizations in the school that involve expenditures without first securing approval for such contract from the Purchasing Agent.

No Board member or employee of the School District shall have an interest in any contract entered into by the Board or the School District.

SUBJECT: PEST MANAGEMENT AND PESTICIDE USE

The Board of Education is committed to maintaining the integrity of school buildings and grounds while protecting the health and safety of students and staff and maintaining a productive learning environment.

Structural and landscape pests can pose significant problems for people and property. Weeds and infestations can destroy playing fields and playgrounds and more importantly, cause severe allergic reactions. Pesticides can pose risks to people, property, and the environment. It is therefore the policy of the School District to incorporate Integrated Pest Management (IPM) procedures for control of weeds, structural and landscape pests. The objective of this program is to provide necessary pest control while using the least toxic approach to all pests, weeds and infestations.

Pest/Pesticide Management Plan

The District will manage weeds and pests to:

- a) Reduce any potential human health hazard or threat to public safety.
- b) Prevent loss or damage to school structures or property.
- c) Prevent pests from spreading into the community, or to plant and animal populations beyond the site.
- d) Enhance the quality of life for students, staff, and others.

Integrated Pest Management (IPM) Coordinator

An IPM Coordinator will be appointed by the Superintendent of schools. The Coordinator will be responsible for implementing the IPM policy and plan. The coordinator's responsibilities will include the following:

- a) Recording all pest sightings by school staff and students.
- b) Recording all pesticide use and utilizing the least toxic approach.
- c) Meeting with a local pest control expert, such as a pesticide contractor to share information on what pest problems are present in the school.
- d) Assuring that all of the expert's recommendations on maintenance and sanitation are carried out where feasible.

(Continued)

SUBJECT: PEST MANAGEMENT AND PESTICIDE USE (Cont'd.)

- e) Assuring that pesticide use is done when school is not in session or when the area can be completely secured against access by school staff and students for a standard seventy-two (72) hours, or as required by the pesticide being used.
- f) Evaluating the school's progress in the IPM plan.
- g) Notifying parents, staff and neighbors of any applications of pesticides forty-eight (48) hours before they occur. The IPM Coordinator will serve as the District's Pesticide Representative.

Pesticide Use on Common Areas

Pesticides will not be used on playgrounds, turf, athletic or playing fields, in effect, all lawn areas of the school. In these common areas where children gather and play, pesticide alternatives will be used whenever possible and effective. The prohibition does not apply to indoor use or the application to building structures.

An exception may be made for emergency applications of pesticide only when approved in advance by the School Board. The Board may consult with the local Health Department on public health related emergency determinations. They may also consult with the Department of Environmental Conservation (DEC) for environmental emergency determinations. Emergency determinations should only be sought for one-time pesticide application in a specific situation, which presents a true emergency. The guidance document from DEC provides clarification on emergency determinations. It can be found at:

http://www.dec.ny.gov/docs/materials_minerals_pdf/guidanceech85.pdf

Some types of pesticides and alternatives, those deemed safe in federal regulation, may be allowable on playing fields and playgrounds in certain circumstances. The District will develop regulations governing the use of pesticides and their alternatives on school grounds.

Fertilizer Use

New requirements and restrictions regarding the use of phosphorus fertilizers on school grounds have been developed. Chapter 205 of the Laws of 2010 dictates the requirements which must be adhered to regarding grounds maintenance starting on January 1, 2012.

- a) Fertilizer use is prohibited between December 1 and April 1 annually.
- b) The use of fertilizers is prohibited within twenty (20) feet of any surface water except:

(Continued)

SUBJECT: PEST MANAGEMENT AND PESTICIDE USE (Cont'd.)

1. Where a continuous natural vegetation buffer, at least ten (10) feet wide, separates lawn and water.
2. Where a spreader guard, deflector shield or drop spreader is used, then the application may not occur within three feet of any surface water.
- c) The use of phosphorus fertilizers are prohibited on lawns or other non-agricultural turf with the following exceptions:
 1. The use of phosphorus fertilizers are needed to establish a new lawn; or
 2. A soil test shows that phosphorus fertilizers are needed for growth.
- d) Fertilizer cannot be used on any impervious surfaces and if such an application occurs, it must be cleaned immediately and legally applied or placed in an appropriate container.

Notification

The District's IPM Coordinator or designated Pesticide Representative will give prior written notice of all pesticide applications to anyone who has asked to receive such notice. The District will also notify parents, students and staff of periodic pesticide applications. The District will maintain a list of those people who wish to receive forty-eight (48) hour notice before pesticide applications and will ensure that a system is developed to deliver such notice in a timely fashion to all affected. The notification system may be by mail or email, and will ensure that a back-up method is available to notify those for whom the regular system is unworkable. The name and contact information for the District Pesticide Representative will be made available to all requesting it.

Sample forms for forty-eight (48) hour prior notification can be obtained at:

http://www.emsc.nysed.gov/facplan/documents/PesticideNeighborNotificationGuidelineforSchools_091001.pdf

The District must also provide additional written notification to all parents and staff three (3) times per year to inform them of any pesticide applications that have occurred: within ten (10) days of the end of the school year, within two (2) school days of the end of winter recess and within two (2) days of the end of spring recess.

Recordkeeping

Records of pesticide use will be maintained on site for three (3) years. Records will be completed on the day of pesticide use. In addition, pest surveillance records will be maintained to help verify the need for pesticide treatments. Annual reports of any applications must be sent to DEC.

Smoking shall not be permitted on school grounds or within one hundred (100) feet of the entrances, exits, or outdoor areas of any public or private elementary or secondary schools. However, this shall not apply to smoking in a residence, or within the real property boundary lines of such residential real property. Moreover, tobacco use shall not be permitted on school grounds. For purposes of this policy, "school grounds" means any building, structure, and surrounding outdoor grounds, including entrances or exits, contained within the District's preschool, nursery school, elementary or secondary school's legally defined property boundaries as registered in the County Clerk's Office; as well as all District vehicles, including vehicles used to transport children or school personnel.

Off-School Grounds

Tobacco use is prohibited by students at any school-sponsored event or activity off school grounds.

Posting/Notification of Policy

In compliance with the New York State Clean Indoor Air Act, the District will prominently post its Smoking/Tobacco Use policy and signs prohibiting **all** forms of tobacco products in District buildings and other appropriate locations; and will supply a copy upon request to any current or prospective employee. The District will also designate a school official to tell individuals who smoke in a non-smoking area that they are in violation of the New York State Public Health Law, Education Law, the federal Pro-Children Act of 2001 and District policy.

The District shall also ensure that this policy is communicated to staff, students, parents/guardians, volunteers, and visitors as deemed appropriate in order to orient all persons to the District's "No Smoking" Policy and environment.

SUBJECT: SCHOOL FOOD SERVICE PROGRAM (LUNCH AND BREAKFAST)**School Food Service Program (Lunch and Breakfast)**

The Board has entered into an agreement with the New York State Education Department to participate in the National School Lunch Program, School Breakfast Program and/or Special Milk Program to receive commodities donated by the Department of Agriculture and to accept responsibility for providing free and reduced price meals to elementary and secondary students in the schools of the District.

The Superintendent or his/her designee shall have the responsibility to carry out the rules of the School Lunch and Breakfast Programs. The determination of which students are eligible is the responsibility of the Reviewing Official and Verification Official. Appeals regarding eligibility should be submitted to the Hearing Official of the District.

Free or reduced price meals may be allowed for qualifying students attending District schools upon receipt of a written application from the student's parent or guardian or a "Direct Certification" letter from the New York State Office of Temporary and Disability Assistance (OTDA). Applications will be provided by the School District to all families.

Procedures for the administration of the free and reduced price meal program of this School District will be the same as those prescribed in current state and federal laws and regulations.

Restriction of Sweetened Foods in School

The sale of sweetened foods will be prohibited from the beginning of the school day until the end of the last scheduled meal period.

Sweetened foods consist of sweetened soda water, chewing gum, candy, including hard candy, jellies, gum, marshmallow candies, fondant, licorice, spun candy, candy coated popcorn, and water ices except those which contain fruit or fruit juices.

(Continued)

SUBJECT: SCHOOL FOOD SERVICE PROGRAM (LUNCH AND BREAKFAST) (Cont'd.)**Restrictions on Sale of Milk Prohibited**

Schools that participate in the National School Lunch Program may not directly or indirectly restrict the sale or marketing of fluid milk products at any time or in any place on school premises or at school-sponsored events.

Food Substitutions for Children with Disabilities

Federal regulations governing the operation of Child Nutrition Programs, Part B of the Individuals with Disabilities Education Act, and Section 504 of the Rehabilitation Act of 1973 require that children with disabilities be offered the opportunity to participate in all academic and nonacademic activities including the school nutrition programs. The District will make reasonable accommodations to those children with disabilities whose disabilities restrict their diets, such as providing substitutions and/or modifications in the regular meal patterns. Such meal substitutions for students with disabilities will be offered at no extra charge. A student with a disability must be provided substitutions in food when that need is supported by a statement signed by a physician attesting to the need for the substitutions and recommending alternate foods.

However, the school food service is not required to provide meal services (for example, School Breakfast Program) to students with disabilities when the meal service is not normally available to the general student body, unless a meal service is required under the student's individualized education program (IEP) or Section 504 Accommodation Plan as mandated by a physician's written instructions.

Prohibition Against Adults Charging Meals

Adults should pay for their meals at the time of service or set up pre-paid accounts.

SUBJECT: SCHOOL FOOD SERVICE PROGRAM (LUNCH AND BREAKFAST) (Cont'd.)**HACCP-Based Food Safety Program**

Schools participating in the National School Lunch and/or School Breakfast programs are required to implement a food safety program based on Hazard Analysis and Critical Control Point (HACCP) principles. The District must develop a written food safety program for each of its food preparation and service facilities that is based on *either* traditional HACCP principles *or* the "Process Approach" to HACCP. (The "Process Approach" simplifies traditional HACCP by grouping foods according to preparation process and applying the same control measures to all menu items within the group, rather than developing an HACCP plan for each item). Regardless of the implementation option that is selected, the District's written food safety program must also include: critical control points and critical limits; monitoring procedures; corrective actions; verification procedures; recordkeeping requirements; and periodic review and food safety program revision.

SUBJECT: FIRE DRILLS, BOMB THREATS AND BUS EMERGENCY DRILLS**Fire Drills**

The administration of each school building shall provide instruction for and training of students, through fire drills, in procedures for leaving the building in the shortest possible time and without confusion or panic.

Fire drills shall be held at least twelve (12) times in each school year; eight (8) of these shall be held between September 1 and December 1. At least one-third (1/3) of all such required drills shall be through use of the fire escapes on buildings where fire escapes are provided. At least one (1) of the twelve (12) drills shall be held during a regular lunch period, or shall include special instruction on the procedures to be followed if a fire occurs during a student's lunch period.

At least two (2) additional drills shall be held during summer school in buildings where summer school is conducted and one (1) of these drills shall be held during the first week of summer school.

After-School Programs

The Building Principal or his/her designee shall require those in charge of after-school programs, attended by any individuals unfamiliar with the school building, to announce at the beginning of such programs the procedures to be followed in the event of an emergency.

Bomb ThreatsSchool Bomb Threats

A bomb threat, even if later determined to be a hoax, is a criminal action. No bomb threat should be treated as a hoax when it is first received. The school has an obligation and responsibility to ensure the safety and protection of the students and other occupants upon the receipt of any bomb threat. This obligation must take precedence over a search for a suspect object. Prudent action is dependent upon known information about the bomb threat - location, if any; time of detonation; etc. If the bomb threat is targeted at the school parking lot or the front of the school, building evacuation may not be an appropriate response. If the bomb threat indicates that a bomb is in the school, then building evacuation is necessary unless the building has been previously inspected and secured in accordance with State Education Department Guidelines. Specific procedures can be found in the building level school plan, as required by Project SAVE.

The decision to evacuate a building or to take shelter is dependent upon information about where the bomb is placed and how much time there is to reach a place of safety. Prudent action dictates that students and other occupants be moved from a place of danger to a place of safety. Routes of egress and evacuation or sheltering areas must be thoroughly searched for suspicious objects before ordering

an evacuation. Failure to properly search evacuation routes before an evacuation takes place can expose students and staff to more danger than remaining in place until the search has taken place. Assistance is available from local police agencies and the New York State Police to train staff to check evacuation routes.

Police Notification and Investigation

A bomb threat to a school is a criminal act, which is within the domain and responsibility of law enforcement officials. Appropriate State, county, and/or local law enforcement agencies must be notified of any bomb threat as soon as possible after the receipt of the threat. Law enforcement officials will contact, as the situation requires, fire and/or county emergency coordinators according to the county emergency plan.

Therefore, the building administrator or designee is to notify local law enforcement officials and follow established procedures to move all occupants out of harm's way.

Implementation

The Board of Education directs the Superintendent or his/her designee to develop administrative regulations to implement the terms of this policy. SUBJECT: CERTIFICATION AND QUALIFICATIONS (INCLUDING 175 HOURS OF PROFESSIONAL DEVELOPMENT REQUIREMENT)

The following provisions shall govern certification and qualifications of District personnel:

- a) In accordance with applicable statutes, Rules of the Board of Regents, and Regulations of the Commissioner of Education, each employee whose employment requires certification or other licensure shall inform the Superintendent of Schools immediately of any change in the status of his/her certification or licensure. The changes shall include, but not be limited to, the granting, revocation, upgrading, expiration, conversion and/or extension of these documents as to their periods of validity or their titles.
- b) Through the New York Patriot Plan, Commissioner's regulations have amended education law. Provisions extend the expiration dates for various certificate holders engaged in active military service for the period of active service and an additional 12 months from the end of such service. These also reduce the professional development requirements for certification holders called to active duty for the time of such active service.
- c) The original certificates and/or licenses must be presented for examination and copying in the Office of the Superintendent of Schools as soon as they are available to the employee. The copies will be maintained in the employee's personnel file in support of the legitimate employment of each affected employee. The failure of any such employee to possess the required certification or other licensure may result in the discharge of that employee.
- d) Whether or not the District verifies an individual's certification or licensure does not waive the responsibility of the employee to maintain what is required for his/her assignment.

Qualifications of Teachers

- a) The District must ensure that all newly hired teachers in Title I programs who teach core academic subjects are highly qualified per Regulations of the Commissioner of Education. The term "core academic subjects" means English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography. A "highly qualified" teacher is one who has obtained full state certification as a teacher, or has passed the state teacher licensing examination, holds a license to teach in the state and has at least a bachelor's degree, and also must show subject matter competency in the subjects they teach.
- b) The District is also required to provide to teachers who are not new to the profession the opportunity to meet the NCLB requirement to be highly qualified, in part, through passing a High Objective Uniform State Standard of Evaluation (HOUSSE). The HOUSSE shall be an evaluation, prescribed by the New York State Education Department and conducted locally either during a pre-employment review or at the time of an Annual Professional Performance Review (APPR), that enables a teacher who is beyond the first year of teaching to demonstrate subject matter competency in all core academic subjects that the teacher teaches. The evaluation

shall be based upon objective, coherent information as prescribed by the department, and shall include, but not be limited to, information on the teacher's education, credentials, professional experience, and professional development.

- c) The District must ensure that on or after September 2, 2009 a candidate for a teaching certificate or license as a special education teacher shall, in addition to all other certification or licensing requirements, have completed enhanced course work or training in the area of children with autism.
- d) Enhanced training in the needs of autistic children shall also be completed by each certified school administrator or supervisor assigned on or after September 2, 2009 to serve as a special education administrator. Such training shall be provided prior to, or as soon as practicable following, assignment as a special education administrator. Individuals serving as special education administrators as of September 2, 2009 shall complete such training by such date. The enhanced course work or training shall be obtained from an institution or provider approved by the department except that a school district or a Board of Cooperative Educational Services (BOCES) may provide such training as part of its professional development program.

Parent Notification

In accordance with the Federal No Child Left Behind Act, the District is required, at the beginning of each school year, to notify parents with students attending the District that they may request specific information about the professional qualifications of their children's classroom teachers. The following shall be provided by the District upon such requests:

- a) If the teacher has met New York State qualifications and licensing criteria for the grade levels and subject areas he/she teaches;
- b) Whether the teacher is teaching under emergency or other provisional status through which the State qualification or licensing criteria have been waived;
- c) The teacher's college major; whether the teacher has any advanced degrees and, if so, the subject of the degrees; and
- d) If the child is provided services by any instructional aides or similar paraprofessionals and, if so, their qualifications.

All requests shall be honored in a timely manner.

(Continued)

SUBJECT: CERTIFICATION AND QUALIFICATIONS (INCLUDING 175 HOURS OF PROFESSIONAL DEVELOPMENT REQUIREMENT) (Cont'd)

All District employees who hold professional teaching certificates for classroom teaching are required to complete professional development hours to maintain the validity of their certificates. Professional certificate holders must complete 175 hours every five (5) years. The five-year professional development period commences on July 1 after the effective date of the triggering certificate, and each subsequent five-year period thereafter. Each professional development year of the five-year cycle of professional development begins on July 1 and ends the following June 30. The professional development requirement may be completed at any time during the five-year professional development period. The New York Patriot Plan was enacted to recognize members of the military, called to active duty, so that they were not discriminated against in employment or education because of their military status. Professional continuing education requirements for active military are waived during the period of military service or reduced proportionately for partial periods of service during certification. Certifications due to expire during military service are extended for the length of the service plus an additional 12 months after release from service. However, this shall not be construed to permit those who have had certifications revoked or suspended to continue to engage in such professions.

Decisions regarding content, delivery and providers of such professional development are within the purview of the School District and shall be made within the context of the District Professional Development Plan. The Professional Development Plan shall describe how the School District will provide teachers it employs holding a professional certificate with opportunities to maintain such certificates in good standing based upon successfully completing 175 hours of professional development every five (5) years in accordance with Commissioner's Regulations.

If the professional certificate holder wishes to maintain the validity of his/her New York State professional certificate, he/she must satisfy the professional development requirement. If the certificate holder teaches less than ninety (90) days in a given school year for any reason, including an approved leave, the required hours are reduced by ten percent (10%) for each school year during which this is the case.

District Recordkeeping Responsibilities

If the School District provides professional development to teachers in its schools, or professional development is provided by other entities on behalf of the District, the District must maintain a record of professional development completed by its teachers who are required to complete this requirement. Such records shall include those items enumerated in Commissioner's Regulations Section 100.2(dd)(5):

- a) The name of the professional certificate holder;
- b) His/her teacher certification identification number;

(Continued)

SUBJECT: CERTIFICATION AND QUALIFICATIONS (INCLUDING 175 HOURS OF PROFESSIONAL DEVELOPMENT REQUIREMENT) (Cont'd)

- c) The title of the program;
- d) The number of hours completed; and
- e) The date and location of the program.

These records shall be retained by the District for at least seven (7) years from the date of completion of the professional development by the professional certificate holder and shall be available for review by the State Education Department (SED).

District Reporting Responsibilities

Annually, the School District must report to the New York State Education Department (SED) Office of Higher Education's Office of Teaching Initiatives (OTI) the number of all approved professional development hours completed by each teacher who is employed by the District and subject to the professional development requirement, regardless of the professional development provider.

All hours of completed professional development reported by Districts will become part of the certificate holder's certification record maintained by OTI. Teachers with professional certificates must complete the required number of hours of professional development every five (5) years for their certificates to remain valid.

The School District is required to report professional development hours for its employees online directly via the Web-based computer system TEACH (Teacher Education and Certification Help).

Certificate Holder Responsibilities

All professional certificate holders must keep records of all of their approved professional development activities/programs/coursework, regardless of the provider, for at least seven (7) years from the date of completion of the program and shall be available for review by SED. Such records shall include those items enumerated in Commissioner's Regulations Section 80-3.6(f):

- a) The title of the program;
- b) The number of hours completed;
- c) The sponsor's name and any identifying number;
- d) Attendance verification; and

(Continued)

SUBJECT: CERTIFICATION AND QUALIFICATIONS (INCLUDING 175 HOURS OF PROFESSIONAL DEVELOPMENT REQUIREMENT) (Cont'd)

- e) The date and location of the program.

While it is the responsibility of the District to report hours, it is in the interest of every professional certificate holder to verify that their professional development hours are reported and that their individual record is complete. It is recommended that professional certificate holders develop their personal professional development plan in consultation with the District, and obtain District approval before commencing any professional development activities.

SUBJECT: STAFF USE OF COMPUTERIZED INFORMATION RESOURCES

The Board of Education will provide staff with access to various computerized information resources through the District's computer system (DCS hereafter) consisting of software, hardware, computer networks and electronic communication systems. This may include access to electronic mail, so-called "on-line services" and the "Internet." It may also include the opportunity for some staff to have independent access to the DCS from their home or other remote locations. All use of the DCS, including independent use off school premises, shall be subject to this policy and accompanying regulations.

The Board encourages staff to make use of the DCS to explore educational topics, conduct research and contact others in the educational world. The Board anticipates that staff access to various computerized information resources will both expedite and enhance the performance of tasks associated with their positions and assignments. Toward that end, the Board directs the Superintendent or his/her designee(s) to provide staff with training in the proper and effective use of the DCS.

Staff use of the DCS is conditioned upon written agreement by the staff member that use of the DCS will conform to the requirements of this policy and any regulations adopted to ensure acceptable use of the DCS. All such agreements shall be kept on file in the District office.

Generally, the same standards of acceptable staff conduct which apply to any aspect of job performance shall apply to use of the DCS. Employees are expected to communicate in a professional manner consistent with applicable District policies and regulations governing the behavior of school staff. Electronic mail and telecommunications are not to be utilized to share confidential information about students or other employees.

This policy does not attempt to articulate all required and/or acceptable uses of the DCS; nor is it the intention of this policy to define all inappropriate usage. Administrative regulations will further define general guidelines of appropriate staff conduct and use as well as proscribed behavior.

District staff shall also adhere to the laws, policies and rules governing computers including, but not limited to, copyright laws, rights of software publishers, license agreements, and rights of privacy created by federal and state law.

Staff members who engage in unacceptable use may lose access to the DCS and may be subject to further discipline under the law and in accordance with applicable collective bargaining agreements. Legal action may be initiated against a staff member who willfully, maliciously or unlawfully damages or destroys property of the District.

The determination of knowledge or special expertise shall be made by the party (parents or School District) who invited the individual to be a member of the committee;
- g) The student with a disability, as appropriate. The District must invite the student with a disability to attend the student's CSE meeting if a purpose of the meeting will be the consideration of the postsecondary goals for the student and the transition services needed to assist the student in reaching those goals. If the student does not attend the CSE meeting, the District must take other steps to ensure that the student's preference and interests are considered. To the extent appropriate, with the consent of the parent or a student eighteen (18) years or older, the District must also invite a representative of any participating agency that is likely to be responsible for providing or paying for transition services;
- h) A school psychologist;
- i) A school physician, if requested in writing at least seventy-two (72) hours prior to the meeting by the parents of the student or the School District; and

EDUCATION (CSE)/SUBCOMMITTEE ON SPECIAL EDUCATION

- j) The additional parent need not be in attendance at any CSE meeting unless specifically requested in writing, at least seventy-two (72) hours prior to such meeting by the parents/persons in parental relation, the student, or a member of the CSE. The parents or persons in parental relation of the student in question shall receive proper written notice of their right to have an additional parent attend any meeting of the committee regarding the student, along with a prepared statement from NYSED explaining the role of having the additional parent attend the meeting.
- k) A member as described in letters b) through e) of this subheading is not required to attend the CSE meeting, in whole or in part, if the parent/person in parental relation to the student with a disability and the School District agree, in writing not less than five (5) calendar days prior to the meeting date, that the attendance of the member is not necessary because:
 - 1. The member's area of the curriculum or related services is not being modified or discussed in the meeting; or
 - 2. The member's area of the curriculum or related services is being modified or discussed in the meeting but, not less than five (5) calendar days prior to the meeting, the excused member has submitted to the parents/persons in parental relation and the CSE written input into the development of the IEP, particularly with respect to their area of curriculum or related services; or
- l) A parent or person in parental relation shall retain the right to request and/or agree with the District to excuse a member of the special education committee at any time including where the member is unable to attend the meeting because of an emergency or unavoidable scheduling conflict and the District submits the written input listed in k)2 above to the parents/person in parental relation within a reasonable time prior to the meeting and prior to obtaining written consent to the excusal by the parents/persons in parental relation.
- m) Whenever appropriate, a student with a disability.

Training

The training of qualified personnel is essential to the effective implementation of the Regulations of the Commissioner of Education regarding the education of all students with disabilities.

The Director of Special Education shall be responsible to the Superintendent for establishing administrative practices and procedures for training all District personnel responsible for carrying out the provisions of Part 200 of the Commissioner's Regulations as well as members of the Committee on Special Education.

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):
DEVELOPMENT AND PROVISION****Development of Individualized Education Program**

The Board of Education directs that the Committee on Special Education (CSE) or Committee on Preschool Special Education (CPSE) shall have prepared a written statement (program) for each child with a disability.

Such an Individualized Education Program (IEP) will be developed by the CSE or CPSE upon referral, and reviewed or revised, whichever is appropriate, for every child with a disability at least annually or in the event that the program no longer appears to be appropriate to meet the student's needs and ability level.

The District shall ensure that each student with a disability has an IEP in effect at the beginning of each school year.

Functional Behavioral Assessments/Behavioral Intervention Plans

A functional behavioral assessment (FBA) is an integral part of the evaluation and reevaluation of a student with a disability which should be used throughout the process of developing, reviewing and revising a student's IEP when the student's behavior impedes learning of the child or others. The FBA is the process of determining why a student engages in challenging behavior and how the student's behavior relates to the environment. An FBA for a student with a disability is an evaluation requiring parental consent, pursuant to Commissioner's Regulation 200.5(b).

The FBA provides a baseline of the student's problem behaviors with regard to frequency, duration, intensity and/or latency across activities, settings, people and times of the day and includes:

- a) The identification of the problem behavior,
- b) The definition of the behavior in concrete terms,
- c) The identification of the contextual factors that contribute to the behavior (including cognitive and affective factors), and
- d) The formulation of a hypothesis regarding the general conditions under which a behavior usually occurs and probable consequences that serve to maintain it.

The FBA must, as appropriate, be based on multiple sources of data such as structured interviews, behavior ratings scales, standardized assessments and checklists. It must include, but is not limited to:

- a) Information obtained from direct observation of the student;

(Continued)

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):
DEVELOPMENT AND PROVISION (Cont'd.)**

- b) Information from the student, the student's teacher(s) and/or related service providers; and
- c) A review of available data and information from the student's record and other sources including any relevant information provided by the student's parent.

The FBA cannot be based solely on the student's history of presenting problem behavior.

The CSE/CPSE will ensure that functional behavioral assessments, when appropriate, are conducted and reviewed to:

- a) Identify supplementary aids and services, modifications and/or related services appropriate to address the identified behaviors to promote the student's involvement and progress in the general curriculum;
- b) Determine a student's eligibility for special education services;
- c) Develop the IEP which includes behavioral goals and objectives and positive behavioral supports and strategies.

In the case of a student whose behavior impedes his/her learning or that of others, the CSE/CPSE shall consider strategies, including positive behavioral interventions and supports and other strategies to address that behavior. The need for a particular device or service, including an intervention, accommodation, or other program modification to address the student's behavior that impedes his or her learning or that of others, shall be documented on the IEP. The need for a behavioral intervention plan (BIP) shall be documented on the IEP and such plan shall be reviewed at least annually by the CSE/CPSE. In addition, regular progress monitoring of the frequency, duration and intensity of the behavioral interventions shall be conducted at scheduled intervals, documented and reported to the parents and CSE/CPSE.

A behavioral intervention plan may not include the use of aversive interventions or time out rooms except in accordance with specific Board policy regulating these techniques.

Individual Evaluations

Parental consent must be provided for an initial evaluation. In the event the parent of the student to be evaluated does not grant consent for an initial evaluation, such parent shall be informed by the committee chairperson that, upon request, the parent will be given an opportunity to attend an informal conference with the committee or designated professionals most familiar with the proposed evaluation, the person who referred the student for such an evaluation, and counsel or an advisor of the parent's

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):
DEVELOPMENT AND PROVISION (Cont'd.)**

choice, at which time the parent shall be afforded an opportunity to ask questions regarding the proposed evaluation. If such consent is not received within thirty (30) calendar days of receipt of the referral, the CSE/CPSE Chairperson will document all attempts made to obtain the consent and, if appropriate, advise the Board of its right to utilize the due process procedures to conduct an evaluation without parental consent.

Unless a referral is withdrawn, an individual evaluation at no cost to the parent will be completed by the CSE/CPSE within sixty (60) calendar days after written parental consent has been obtained or a parental refusal to consent is overridden, unless:

- a) A written agreement pertaining to an extension is mutually agreed to by the parent and the CSE/CPSE for the following situations:
 - 1. Transfer students: A student enrolls in the District after sixty (60) days and prior to a determination by the student's previous school district as to whether the student has, or, in the case of a reevaluation, continues to have, a disability, but only if the new school district is making sufficient progress to ensure a prompt completion of the evaluation and the parent and the new district agree in writing to a specific timeframe for completion; or
 - 2. Students suspected of having learning disabilities; or
- b) The parent or student repeatedly fails or refuses to produce the student for evaluation.

No student shall be required to obtain a prescription for a drug or other substance identified as a controlled substance by the federal Controlled Substances Act as a condition of receiving an evaluation.

The individual evaluation will include a variety of assessment tools and strategies, including information provided by the parent. The purpose of the evaluation is to gather relevant functional, developmental and academic information that may assist in determining whether the student is a student with a disability and the content of the student's IEP. This shall include information relating to enabling the student to participate and progress in the general education curriculum (or for a preschool child, to participate in appropriate activities).

As part of any evaluation, a group that includes the CSE/CPSE and other qualified professionals, as appropriate, shall review existing evaluation data on the student including evaluations and information provided by the parents of the student, current classroom-based assessments, local or state assessments, classroom-based observations, and observations by teachers and related services providers. In addition, the group will consider information about the student's physical condition, social or cultural background, and adaptive behavior.

On the basis of that review, and input from the student's parents, the group shall identify what additional data, if any, are needed to determine:

- a) Whether the student has or continues to have a disability;

(Continued)

Students

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):
DEVELOPMENT AND PROVISION (Cont'd.)**

- b) The present levels of academic achievement and related developmental needs of the student, including:
 - 1. Academic achievement, functional performance, and learning characteristics;
 - 2. Social development;
 - (Continued)
 - 3. Physical development; and
 - 4. Management needs.
- c) Whether the student needs special education, or, in the case of a reevaluation of a student, whether the student continues to need special education; and
- d) Whether any additions or modifications to the special education services are needed to enable the student to meet the measurable annual goals set out in the IEP of the student and to participate, as appropriate, in the general education curriculum.

If additional data are not needed, the District must notify the parents of that determination and the reasons for it and of the right of the parents to request an assessment to determine whether, for purposes of services provided in accordance with law and Commissioner's Regulations, the student continues to be a student with a disability and to determine the student's educational needs. The District is not required to conduct the assessment unless requested to do so by the student's parents.

The determination that a student has a learning disability will be made in accordance with the procedures outlined in Section 200.4(j) of Commissioner's Regulations.

Individual Re-evaluations

A CSE/CPSE shall arrange for an appropriate re-evaluation of each student with a disability:

- a) If the District determines that the educational or related services needs, including improved academic achievement and functional performance of the student warrant re-evaluation;
- b) If the student's parent or teacher request a re-evaluation;
- c) At least once every three (3) years, unless the District and the parent/person in parental relation agree in writing that such re-evaluation is unnecessary.

A re-evaluation shall not be conducted more frequently than once a year unless the parent and the District representative appointed to the CSE/CPSE agree otherwise.

(Continued)

Students

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):
DEVELOPMENT AND PROVISION (Cont'd.)**

The re-evaluation will be conducted by a multi-disciplinary team or group of persons, including at least one teacher or other specialist with knowledge in the area of the student's disability. The re-evaluation shall be sufficient to determine the student's individual needs, educational progress and achievement, the student's ability to participate in instructional programs in regular education and the student's continuing eligibility for special education. The results of any re-evaluations must be addressed by the CSE/CPSE in reviewing, and as appropriate, revising the student's IEP.

To the extent possible, the District shall encourage the consolidation of re-evaluation meetings for the student and other CSE/CPSE meetings for the student.

Amendments to the IEP

Amendments to the IEP made after the annual review by the CSE/CPSE may be made by reconvening the CSE/CPSE and rewriting the IEP or by developing a written document to amend or modify the student's current IEP, provided that:

- a) the parent shall receive prior written notice of any changes to the IEP;
- b) the CSE shall be notified of any changes made to the IEP;
- c) the parent shall receive a copy of the document that amends or modifies the IEP or, upon request, the parent shall be provided a revised copy of the entire IEP with the amendments incorporated.

The parent and the District may agree not to convene a CSE for the purpose of making changes to the IEP after the annual review, and instead may develop a written document to amend or modify the student's current IEP under the following circumstances: a) the parents/persons in parental relation request an amendment to the IEP and the District and parent/persons in parental relation agree to the amendment in writing; or b) the District provides the parents/persons in parental relation with a written proposal to amend a provision or provisions of the IEP that is conveyed in language understandable to the parents/persons in parental relation in their native language or other dominate mode of communication, informs and allows the parents/persons in parental relation the opportunity to consult with the appropriate personnel or related service providers concerning the proposed changes, and the parents/persons in parental relation agree in writing to such amendments.

Use of Recording Equipment at IEP Meetings

The Board of Education shall allow recording equipment to be used at meetings regarding individualized education programs for students with disabilities.

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):
DEVELOPMENT AND PROVISION (Cont'd.)****Provision of Individualized Education Program**

The Board of Education directs that the Superintendent/designee(s) establish administrative practices and procedures to ensure that each regular education teacher, special education teacher, related service provider and/or other service provider who is responsible for the implementation of a student's IEP is *provided with either a paper copy of the IEP or is able to access a student's IEP electronically (including amendments to the IEP) prior to the implementation of such program*. Such individuals responsible for the implementation of a student's IEP shall be notified and trained on how to access such IEP electronically. For purposes of this policy, "other service provider" means a representative of another public school district, charter school, Board of Cooperative Educational Services (BOCES) or school enumerated in Education Law Articles 81, 85 or 89 where the student receives or will receive IEP services. Further, the District will designate at least one school official who shall be responsible for maintaining a record of the personnel who have received IEP copies for each student.

Any copy of a student's IEP shall remain confidential in compliance with the Individuals with Disabilities Education Act, the Family Educational Rights and Privacy Act, and District policy regarding confidentiality of student records; and shall not be disclosed to any other person other than the parent of such student, except in accordance with federal and state laws and/or regulations. Appropriate training and information will be provided to designated school personnel, as applicable, to ensure the confidentiality of such information. Procedures will be established to ensure that copies of students' IEPs are stored in secure locations and retrieved or destroyed when such professionals are no longer responsible for implementing a student's IEP.

The Chairperson of the CSE, CSE subcommittee, or CPSE *shall designate* for each student one or, as appropriate, more than one professional employee of the School District with knowledge of the student's disability and education program *who will be responsible to, prior to the implementation of the IEP, inform* each regular education teacher, special education teacher, related service provider, other service provider, supplementary school personnel (i.e., a teaching assistant or a teacher aide as defined in Commissioner's Regulations), and other provider and support staff person of his/her responsibility to implement the recommendations on a student's IEP, including the responsibility to provide specific accommodations, program modifications, supports and/or services for the student in accordance with the IEP. In selecting the professional staff person(s), the Chairperson could select him/herself for this responsibility, another administrator, or a teacher, related service provider or other professional based on the particular circumstances of the student's disability and education program.

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):
DEVELOPMENT AND PROVISION (Cont'd.)**

The School District shall also ensure that each teaching assistant, teacher aide and each other provider responsible for assisting in the implementation of a student's IEP has *the opportunity to review* a copy of the student's IEP (including amendments) prior to the implementation of such program. Further, each teaching assistant, teacher aide and such other provider responsible for assisting in the implementation of a student's IEP shall have *ongoing access* to a copy of the IEP, which may be the copy provided to the student's special education teacher or the teacher or related service provider under whose direction the supplementary school personnel or other provider works. However, the District may, at its discretion, provide a copy of the IEP to teaching assistants and/or teacher aides.

A copy of a student's IEP shall be provided to the student's parents at no cost to the student's parents.

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES

The Board of Education recognizes the rights of the parent/guardian to be fully informed of all information relevant to the identification, or change in identification, evaluation and educational placement of a child with a disability.

All due process procedures for parents/guardians and children in the Commissioner's Regulations shall be observed by the School District.

Definition of Parent

Parent means a birth or adoptive parent, a legally appointed guardian generally authorized to act as the child's parent or authorized to make educational decisions for the child, a person in parental relationship to the child as defined in Education Law Section 3212, an individual designated as a person in parental relation pursuant to General Obligations Law Title 15-A including an individual so designated who is acting in the place of a birth or adoptive parent (including a grandparent, stepparent or other relative with whom the child resides), or a surrogate parent who has been appointed in accordance with Section 200.5(n) of Commissioner's Regulations. The term does not include the State if the student is a ward of the State.

A foster parent may act as a parent unless State law, regulations or contractual obligations with a State or local entity prohibit the foster parent from acting as a parent.

Unless a judicial decree identifies a specific person(s) to act as the parent or make educational decisions for the student, if one or more parties is qualified to act as a parent, the birth or adoptive parent is presumed to be the parent unless they do not have the legal authority to do so.

Surrogate Parents

It is the duty of the School District to determine whether a child needs a surrogate parent and to assign a surrogate parent in the manner permitted under New York State law. This determination shall be completed within a reasonable time following the receipt of a referral for an initial evaluation or re-evaluation.

In the event that no parent or guardian for a child with a disability can be identified; or after reasonable efforts the whereabouts of the parent or guardian cannot be determined; or the student is an unaccompanied homeless youth; or the child with a disability is a ward of the State and does not have a "parent" as defined above; or the rights of the parent to make educational decisions have been subrogated by a judge in accordance with State law; the Board shall assign an individual to act as a surrogate for the parents or guardians.

Alternatively, the surrogate parent may be appointed by a judge overseeing the child's case.

(Continued)

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)

The person selected as a surrogate shall have no interest that conflicts with the interest of the child he/she represents, and shall have knowledge and skills that ensure adequate representation of the child.

Prior Written Notice (Notice of Recommendation)

Prior written notice (notice of recommendation) must be given to parents of a student with a disability a reasonable time before the District proposes to, or refuses to, initiate or change the identification, evaluation, educational placement of the student or the provision of a free appropriate public education to the student. Prior written notice must also be provided informing the parents when no additional data is required to determine the student's educational needs, the reasons for this determination and their right to request an assessment.

If the prior written notice relates to a proposed action that also requires parental consent, the District must give notice at the same time it requests parental consent. The prior written notice will contain all elements required by Commissioner's Regulations.

A parent may elect to receive prior written notice and other required notifications by electronic mail (e-mail) communication if the District makes this option available.

Parent Participation in Meetings

The School District must take steps to ensure that one or both of the parents of a child with a disability are present at each Committee on Special Education (CSE)/Committee on Preschool Special Education (CPSE) meeting or are afforded the opportunity to participate in a mutually agreed upon time and place. A meeting may be conducted without a parent in attendance if the District is unable to convince the parents that they should attend. In this case, the District must keep a record of its attempts to arrange a mutually agreed on time and place, such as:

:

- a) Detailed records of telephone calls made or attempted and the results of these calls;
- b) Copies of correspondence sent to the parents and any responses received; and
- c) Detailed records of visits made to the parent's home or place of employment and the results of those visits.

Additionally, the School District must take whatever action is necessary to ensure the parent understands the proceedings of this meeting including arranging for an interpreter for parents with deafness or whose native language is other than English.

(Continued)

Students

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)**Parental Consent**

In accordance with due process, a parent (as defined in Commissioner's Regulations Section 200.1(l)) of a special education student or a student suspected of having a disability must provide informed consent before the School District can take certain actions. The District will make reasonable efforts to obtain written informed consent and will maintain a detailed record of its attempts and the results of the attempts.

In New York State, a noncustodial parent does not have the right to control educational decisions for his/her child. However, a noncustodial parent is afforded this right if, and only if, this right is expressly included in a custody order.

Additionally, absent supporting language in a custody order, a non-custodial parent lacks standing under IDEA to bring a claim to assert control over his/her child's educational program. Until recent revisions to New York law, consent for an initial evaluation, reevaluation, or the provision of special education services needed to be provided by a parent (i.e., the custodial or noncustodial parent). As it now stands, the decision to provide consent for a CSE- or CPSE-related activity is considered an education-related decision designated exclusively to custodial parents unless a court order specifically states the contrary.

Consent for Evaluations

The parent or guardian must provide informed consent to the initial evaluation, or reevaluations in accordance with law and/or regulations. If a parent does not provide consent for an initial evaluation, the School District *may* pursue the evaluation by commencing a due process hearing to override the refusal to provide consent.

Parental consent for a reevaluation is not needed if the District can demonstrate that it has taken reasonable measures to obtain consent, but the parents or guardians have failed to respond.

Consent for the Initial Provision of Services

Parental consent is also required for the initial provision of special education services. Consent for an initial evaluation does not constitute consent for the initial provision of services. If a parent does not provide consent for the initial provision of services, the School District *shall not* provide the special education programs and services to the student and shall not use the due process procedures to challenge the parent's refusal to consent. The School District shall not be considered to be in violation of the requirements to provide a free appropriate public education (FAPE), shall not be required to convene a meeting of the committee on special education or develop an individualized education program (IEP).

(Continued)

Students

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)Consent for Other Actions

Prior written consent must also be provided:

- a) Prior to releasing any personally identifiable information; and
- b) Prior to each time the District proposes to access a parent's private or public insurance. A Medicaid application does not meet the IDEA parent consent requirements. The District must obtain an annual parental consent to request Medicaid reimbursement.

A sample Medicaid Consent Form may be found at:

<http://www.vesid.nysed.gov/specialed/publications/sampleconsent.htm>.

Consent for an Unaccompanied Homeless Youth

Consent may be provided by a surrogate parent. However, until a surrogate parent is appointed, consent may be provided on a temporary basis by an employee of a temporary housing facility operated or approved by a local social services district or a residential facility for runaway and homeless youth.

Consent for a Ward of the State

A ward of the State means a child or youth under the age of twenty-one (21):

- a) Who has been placed or remanded pursuant to Social Services Law or the Family Court Act or freed for adoption pursuant to Social Services Law; or
- b) Who is in the custody of the Commissioner of Social Services or the Office of Children and Family Services; or
- c) Who is a destitute child under Social Services Law.

In the event that a child is a ward of the State, the School District shall make reasonable efforts to obtain the informed consent from the parent of the child for an initial evaluation to determine whether the child is a child with a disability.

The School District is not required to obtain informed consent if:

- a) Despite reasonable efforts to do so, the School District cannot discover the whereabouts of the parent of the student, including consulting with the agency responsible for the care of the student; or

(Continued)

Students

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)

- b) The rights of the parents of the student have been terminated in accordance with State law; or
- c) The rights of the parent to make educational decisions have been subrogated by a judge in accordance with State law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the student.

Consent for a Student Who is Home Instructed or Parentally Placed in a Private School at the Parent's Expense

If a parent of a student who is home instructed or placed in a private school by their parents at their own expense does not provide consent for an initial evaluation or reevaluation, or the parent fails

to respond to a request to provide consent, the District may not continue to pursue those evaluations by using the due process procedures and the District is not required to consider the student as eligible for special education services.

Parental Revocation of Consent

Parental revocation of consent for continued provision of special education and related services must be in writing. When the parent revokes such consent, the District still must provide the parent with the usual written notice of its intentions with respect to the child.

If the parent of a student with a disability revokes his/her consent in writing for the continued provision of special education and related services to the student at any time subsequent to the initial provision of special education and related services, the District:

- a) Shall not continue to provide special education and related services to the student, but must provide prior written notice to the parent before ceasing the provisions of special education and related services;
- b) Shall not use due process procedures (i.e., mediation, resolution meeting, and/or impartial due process hearing) in order to obtain agreement or a ruling that the services may be provided to the student without parental consent;
- c) Shall not be considered to be in violation of the requirement to make a free and appropriate public education (FAPE) available to the student because of the failure to provide the student with further special education and related services following revocation of consent; and
- d) Is not required to convene a meeting of the Committee on Special Education or develop an IEP for the student for further provision of special education programs and related services upon receipt of written revocation of consent; and

(Continued)

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)

- e) Is not required to amend the student's education records to remove any references to the student's receipt of special education programs and services because of the revocation of consent.

Procedural Safeguards Notice

The School District will provide the procedural safeguards notice prescribed by the Commissioner of Education to the parents of a student with a disability at least one time per year and also:

- a) Upon initial referral or parental request for evaluation;
- b) Upon the first filing of a due process complaint notice to request mediation or an impartial due process hearing;
- c) Upon request by a parent;
- d) Upon a decision to impose a suspension or removal that constitutes a disciplinary change in placement; and
- e) Upon first receipt of a State complaint.

SUBJECT: IMPARTIAL DUE PROCESS HEARINGS/SELECTION OF IMPARTIAL HEARING OFFICERS

The parent/person in parental relation of a student with a disability may file a written request with the Board for an impartial due process hearing with respect to any matter relating to the identification, evaluation, educational placement, provision of a free appropriate public education, manifestation determination or other matter relating to discipline. The Board may also initiate such hearing.

The School District is committed to making every effort to amicably resolve differences involving the educational programs for students with disabilities. Mediation will be available to resolve disputes involving any matter, including matters arising prior to the filing of a request for an impartial due process hearing. In addition, the District may establish procedures providing the opportunity to meet with a disinterested party from a community dispute resolution center for an explanation of the benefits of the mediation process.

For those exceptional circumstances where a more formal method is required, the impartial hearing process will be utilized. The Impartial Hearing Officer (IHO) renders a written decision after the parties present and refute evidence before him/her. The decision of the IHO is final and binding on both parties unless appealed to the State Review Officer (SRO).

Impartial Due Process Hearing Process

The request for an impartial due process hearing must be submitted within two (2) years of the date the parent or the District knew or should have known about the alleged action forming the basis of the complaint. However, the two (2) year timeline does not apply if the parent was prevented from requesting the hearing due to specific misrepresentations by the District that it had resolved the problem or the District's withholding of information from the parent that is required by Commissioner's Regulations.

The following is an overview of the impartial due process hearing process/prehearing conference:

Due Process Complaint Notification

- a) The parent or the School District may request an impartial due process hearing by first submitting a due process complaint notice.

A hearing may not be held until a due process complaint notice is filed. Either the parent, the District, or the attorney representing either party may present a complaint with respect to any matter relating to the identification, evaluation or educational placement of a student with a disability or a student suspected of having a disability, or the provision of a free appropriate public education to such student.

 3. The name of the school the child is attending;

 5. A proposed resolution of the problem to the extent known and available to the party at the time.
- b) The due process complaint notice will be deemed sufficient unless the party receiving the notice notifies the other party and the IHO in writing within fifteen (15) days of receiving the notice that they believe the notice requirements have not been met.
- c) Within five (5) days of the receipt of the notice of insufficiency, the IHO shall make a determination on the face of the notice of whether the notification meets the notice requirements and shall immediately notify the parties in writing of the determination.
- d) If the District has not sent a prior written notice (notice of recommendation) to the parent regarding the subject matter of the complaint notice, the District will send a response to the parent within ten (10) days of receiving the complaint which includes:

- e) Upon receipt or filing of the due process complaint notice, the District will provide the procedural safeguards notice to the parents. The District will also inform parents in writing of the availability of mediation and of any free or low-cost legal and other relevant services available in the area.
- f) Within ten (10) days of receiving the complaint notice, the non-complaining party must send a response specifically addressing the issues raised in the notice.
- g) A party may amend its due process complaint notice only if:
 - 1. The other party consents in writing and is given the opportunity to resolve the complaint through a resolution process;
 - 2. The IHO grants permission, but not later than five (5) days before the impartial due process hearing commences.

Applicable timelines for the impartial due process hearing will recommence at the time of the filing of the amended notice.

- h) No issues may be raised at the impartial due process hearing that were not raised in the due process complaint notice.

Resolution Process

- a) Within fifteen (15) days of receiving the due process complaint notice from the parent and prior to the due process hearing itself, the District shall convene a meeting with the parents and relevant members of the CSE/CPSE, as determined by the District and the parent, who have specific knowledge of the facts identified in the complaint. A representative of the District who has decision-making authority must attend. The attorney for the District may not attend unless the parent is accompanied by an attorney. At this resolution meeting, the District has the opportunity to resolve the complaint after the parents discuss their complaint and the facts forming its basis.

The District will take steps to ensure that one or both of the parents of the student with a disability are present at the resolution meeting, including notifying parents of the meeting early enough to ensure that they will have the opportunity to attend and scheduling the resolution meeting at a mutually agreed on time and place and in a location that is physically accessible to the parents.

SUBJECT: IMPARTIAL DUE PROCESS HEARINGS/SELECTION OF IMPARTIAL HEARING OFFICERS (Cont'd.)

- b) When conducting meetings and carrying out administrative matters (such as scheduling), the parent and District may agree to use alternative means of meeting participation such as video conferences or conference calls.
- c) The parent and District may agree in writing to waive the resolution process or agree to use the mediation process to resolve the dispute.
- d) If a settlement is reached, the parties shall execute a legally binding agreement signed by the parent and the representative of the District who has authority to bind the District. This agreement is enforceable in court. However, either party may void the agreement within three (3) business days of the agreement's execution.
- e) If the District has not resolved the due process complaint to the satisfaction of the parents within thirty (30) days of receipt of the complaint notice, the impartial hearing process may begin.
- f) Except where the parties have jointly agreed to waive the resolution process or use mediation, the failure of a parent filing a due process complaint to participate in the resolution meeting will delay the timeline for the resolution process and due process hearing until the meeting is held:
 - 1. If the District is unable to obtain the participation of the parent in the resolution meeting after reasonable efforts have been made (and documented), the District may, at the conclusion of the thirty-day period, request that an IHO dismiss the parents' due process complaint.
 - 2. If the District fails to hold the resolution meeting within fifteen (15) days of receipt of the parent's due process complaint or fails to participate in the resolution meeting, the parent may seek the intervention of the IHO to begin the due process hearing timeline.

Pre-Hearing Conference

A pre-hearing conference (which may take place via telephone) may be scheduled by the IHO to simplify or clarify issues; establish dates for the completion of the hearing; identify evidence to be entered into the record; identify witnesses expected to provide testimony; and/or address other administrative issues. A transcript or written summary shall be entered into record by the IHO.

Impartial Due Process Hearing

In the event the complaint is not resolved in a resolution process, the Board will arrange for an impartial due process hearing to be conducted. When carrying out administrative matters relating to an

impartial due process hearing, such as scheduling, exchange of witness lists and status conferences, the parent and District may agree to use alternative means of meeting participation such as video conferences or conference calls.

- a) The District must immediately (but not later than two (2) business days after receipt of the due process complaint notice or mailing of the due process complaint notice to the parent) initiate the process to select an IHO. The District selects the IHO through a rotational selection process in accordance with regulatory timelines. The Superintendent's Secretary/District Clerk will be responsible for contacting IHOs and maintaining appropriate records.
- b) The IHO must be certified by the Commissioner of Education, be independent and have access to the support and equipment necessary to perform the duties of an IHO. When the selected IHO indicates availability, the Board of Education must immediately appoint him/her. To expedite this process, the Board may designate one (1) or more of its members to appoint the IHO on behalf of the Board.
- c) The IHO may not accept appointment unless he/she is available to make a determination of sufficiency of a due process complaint notice within five (5) days of receiving such a request and (unless an extension is granted) to initiate the hearing in a timely fashion.
 1. When the District files the due process complaint notice, the hearing or pre-hearing conference must commence within the first fourteen (14) days after the date the IHO is appointed;
 2. When a parent files the due process complaint notice, the hearing or pre-hearing conference must commence within the first fourteen (14) days after whichever of the following occurs first:
 - (a) The date the IHO receives the parties' written waiver of the resolution meeting; or
 - (b) The IHO receives the parties' written confirmation that a mediation or resolution meeting was held but no agreement could be reached; or
 - (c) The expiration of the thirty-day resolution period unless the parties agree in writing to continue mediation at the end of the thirty-day resolution period. In such case, the hearing or pre-hearing conference will commence within the first fourteen (14) days after the IHO is notified in writing that either party withdrew from mediation.

SUBJECT: IMPARTIAL DUE PROCESS HEARINGS/SELECTION OF IMPARTIAL HEARING OFFICERS (Cont'd.)

- d) The hearing, or a prehearing conference, shall commence within the timeframe specified in c) above, unless an extension is granted pursuant to Commissioner's Regulations. The parties to the proceeding may be accompanied and advised by legal counsel and by individuals with special knowledge or training with respect to the problems of students with disabilities. Notably, if a parent prevails at an impartial due process hearing, he or she is entitled to reasonable attorney's fees, but not fees for his/her non-attorney advocate. Such fees are considered "expert fees" and are not recoverable under the current IDEA.
- e) Each party must disclose to all parties all evaluations completed by that date and recommendations based on the offering party's evaluation that they intend to use at the hearing not less than five (5) days prior to the hearing. The IHO may bar any party that fails to comply with this requirement from introducing the relevant evaluation or recommendation at the hearing without the consent of the other party.
- f) In New York State, a party to an impartial due process hearing may be "represented" by a non-attorney. Commissioner's Regulation directs that parents, school authorities, and their respective counsel or "representative" shall have an opportunity to present evidence, compel the attendance of witnesses and to confront and question all witnesses at the hearing. Each party shall have the right to prohibit the introduction of any evidence, the substance of which has not been disclosed to all parties at least five (5) business days prior to the due process hearing.
- g) The hearing will be conducted at a time and location that is reasonable and convenient to the parent and the student involved. The hearing shall be closed to the public unless the parent requests an open hearing.
- h) The role and responsibilities of the IHO will be as enumerated in Commissioner's Regulations. At all stages of the proceeding, the IHO may assist an unrepresented party by providing information relating only to the hearing process. However, nothing shall impair or limit the authority of the IHO to ask questions of counsel or witnesses for the purpose of clarification or completeness of the record.
- i) The student shall remain in his/her current placement during the pendency of the impartial due process hearing unless both parties agree or except as otherwise provided for expedited impartial due process hearings for certain disciplinary suspensions or removals of a student. For a preschool child not currently receiving special education services and programs, he/she may, during any impartial due process hearings or appeals, receive special education services and programs if the parent/person in parental relation and the District agree. However, during the pendency of an appeal for a preschool child who is transitioning from an Early Intervention (EI) program and is no longer eligible for the EI program due to age, the District is not required to provide the services the child had been

receiving under EI. If found eligible for special education as a preschool student with a disability, and if the parent consents to the initial provision of services, the District will provide those programs and services that are not in dispute.

- j) The IHO renders and forwards the finding of fact and decision to the parties and to the State Education Department in accordance with regulatory timelines but not later than forty-five (45) days from the date required for commencement of the impartial due process hearing specified in c) above. For expedited hearings the deadline is within ten (10) school days after the hearing; for preschool hearings the timeframe is thirty (30) days after the receipt by the Board of a request for a hearing or after the initiation of such hearing by the Board.
- k) The decision of the IHO is final and binding on both parties unless appealed to the State Review Officer (SRO).

Burden of Proof

In accordance with New York State law, the burden of proof and persuasion in an impartial due process hearing dispute relative to a student's special education placement rests upon the school district. However, a parent/person in parental relation seeking tuition reimbursement for a unilateral parental placement shall have the burden of persuasion as to the appropriateness of the placement.

Recordkeeping and Reporting

The District will utilize the New York State Education Department's Impartial Hearing Reporting System (IHRS) to access the alphabetical list of the names of each IHO who is certified in New York State and available to serve in the District. The District will record and report to the State Education Department required information relating to the selection of IHOs and the conduct of impartial due process hearings according to the manner and schedule specified by the Department. The Superintendent shall designate a staff member(s) who will be responsible for reporting such information as required relating to the impartial hearing process into the State Education Department's web-based reporting system.

Compensation of Impartial Hearing Officers

The District will be responsible for compensating the IHO for prehearing, hearing and post-hearing activities at the rate agreed upon at the time of the IHO's appointment. The rate of compensation may not exceed the maximum rate approved by the Director of the Division of the Budget. The District will also reimburse the IHO for travel and other hearing-related expenses (e.g., duplication and telephone costs) pursuant to an annually determined schedule. On an annual basis, the District will forward a copy of its compensation rates to each IHO on the District's rotational list.

(Continued)

SUBJECT: IMPARTIAL DUE PROCESS HEARINGS/SELECTION OF IMPARTIAL HEARING OFFICERS (Cont'd.)

At the completion of the impartial due process hearing, the IHO shall submit an itemized bill of hourly charges and expenses, which will be promptly paid by the District.

Mediation

The District will inform the parent in writing of the availability of mediation and any free or low-cost legal and other relevant services available in the area at the request of the parent or when an impartial due process hearing is requested.

Mediation is voluntary and does not deny or delay a parent's right to an impartial due process hearing. If mediation is initiated after a request for an impartial due process hearing has been received, the impartial due process hearing must continue unless the request for the impartial due process hearing is withdrawn. However, a party may request an extension to an impartial due process hearing in order to pursue mediation.

Guardians ad Litem at Impartial Due Process Hearings

Unless a surrogate parent has been previously appointed, the IHO must appoint a guardian ad litem when he/she determines that the interests of the parent(s) are opposed to or are inconsistent with those of the student or whenever the interests of the student would be best protected by such appointment.

Confidentiality

All issues relating to a request for and conduct of an impartial due process hearing must be kept confidential by all District staff.

Administrative Procedures

Administrative procedures will be developed for the selection and appointment of an IHO consistent with regulatory requirements.

The Assistant Superintendent for Instruction and Personnel shall be responsible to the Superintendent for developing District-wide efforts toward the short and long-range improvement of curriculum and instruction. The administration is directed to ensure the implementation of this policy.

Curriculum Resources

There are many resources for curriculum development that exist in our School District, and the instructional staff, under the guidance of the administration, is expected to delve into those resources for possible improvement of the instructional program. Each teacher has the privilege of being an initiator of improvement, as well as a reactor to changing conditions, and the Principals shall be involved in curriculum development.

From the staff, the Superintendent may appoint curriculum study committees; and their findings, as well as the collective judgments of the staff about the pertinence of various possible changes, shall be submitted by the Superintendent to the Board of Education for consideration in the forming of curriculum policy.

Curriculum Implementation

Implementation of the curriculum rests primarily with the teaching staff. In carrying out this responsibility, the teaching staff shall work to ensure continuity between the written, taught and tested curriculum. The Building Principal shall be responsible for the management of the implementation of the aligned curriculum at the building level. He/She shall carry out this management function through activities including analyzing student assessment data; making classroom observations of teachers; and providing opportunities for teachers to discuss and share ideas and strategies. The district's curriculum for each subject or course shall be communicated to the teaching staff in a written curriculum guide developed continually by the Superintendent and/or his/her designee. Such guides will provide the necessary information to direct instruction and ensure continuity among and between grade levels. The guides shall also include a description of the essential knowledge and skills for the course, instructional philosophy, appropriate sequence, and correlation of major resources. Curriculum guides shall be made available to parents and community members upon request to promote understanding of district goals and objectives
